UNIVERSITY OF OSLO

Master's thesis

Gravitational waves from topological defects

Any short subtitle

Nanna Bryne

CS: Astrophysics
60 ECTS study points

Institute of Theoretical Astrophysics, Department of Physics
Faculty of Mathematics and Natural Sciences

Autumn 2023

Nanna Bryne

Gravitational waves from topological defects

Any short subtitle

Supervisor:
David Fonseca Mota

Part I

Introduction

Part II

Project

Chapter 1

Dummy chapter

Hello this is a nice thesis

$$h_{ij} = \boldsymbol{a}_{i}^{s}\square \tag{1.1}$$

Nanna is cool

Alma is lame
